SDRA's Trash Recovery Program

During the past two years, SDRA adopted an approach of asking members and families to sign on to help clear the trash that inevitably finds its way on to the land across from the Transfer Station and then makes its way into the lake. Many have volunteered and the results have been great. However, it has been proposed that we try a “One-month-at-a-time” for the upcoming year or so. Please get back to Judy if you are willing to help up for one of the following months (March has already been spoken for). colalucajudy@gmail.com or 401-486-8414
